

Word Search Samples

by Barbara J. Feldman
<http://www.surfnetkids.com>

As a companion to my Create a Word Search column (<http://surfnetkids.com/wordsearch.htm>), here are sample word searches created by each of the reviewed sites. Each puzzle has the same word list, so it's easy to compare them.

Please note that this review only included printable word searches, the kind that you play with pencil and paper. If you interested in interactive word searches and games for your website, take a look at my 84-page “How to Add Games to Your Site” manual (<http://www.how2add.com>).

See ya on the Net,
